

Know Your Builder !

At **Brighton Homes**, we understand the concerns of today's new home buyer. That is why we supply all the information needed to make the right decision. We want new home buyers to know the materials we use are quality grade and that we provide value second to none. Purchasing a home is one of the most stressful decisions people make and at **Brighton Homes** we want to make sure have you everything you need to make that decision with confidence.

We belong to professional and business organizations that hold us accountable to the highest standards in construction and customer service. **We are members of the Home Builders Association and The Better Business Bureau.**

We can also provide references from our home owners that will share their buying and/or building experience. The Triad Business Journal is another resource for researching information on home builders.

There are so many things buyers have to consider when purchasing a new construction home. Did the builder use quality materials? Am I getting value for my investment? Is this a good location? Will the builder be here if I need him?

Our expert building staff has over **40 years of building experience in the Triad area**. Our goal is to provide our clients with a standard of **quality** products and features that offer great **value** in affordable floor plans. We also allow you the **ability to customize** your home with additional choices that reflect your personal taste and needs.

Building Communities that fit your Lifestyle and Homes to last a Lifetime. That's what **Brighton Homes** is all about!
